GROUP

FCC celebrates 120 years as a global benchmark in citizen services

With 120 years of experience, FCC has consolidated as one of the leading global citizen service companies, operating in environmental service, comprehensive water management and infrastructure sectors. Currently, FCC is the beneficiary of the experience gained by a business group that has been an exceptional example for more than a century.

2020 General Shareholders' Meeting

FCC held its General Shareholders' Meeting remotely, in which it assessed the results of 2019 and approved all the items on the agenda.

PEOPLE

We would like to thank the FCC Group's essential services for its efforts during the coronavirus pandemic

We would like this round of applause to be seen as a small tribute to all FCC workers who contribute, each and every day, to improving the well-being of the people and the cities we live in. Thank you all very much!

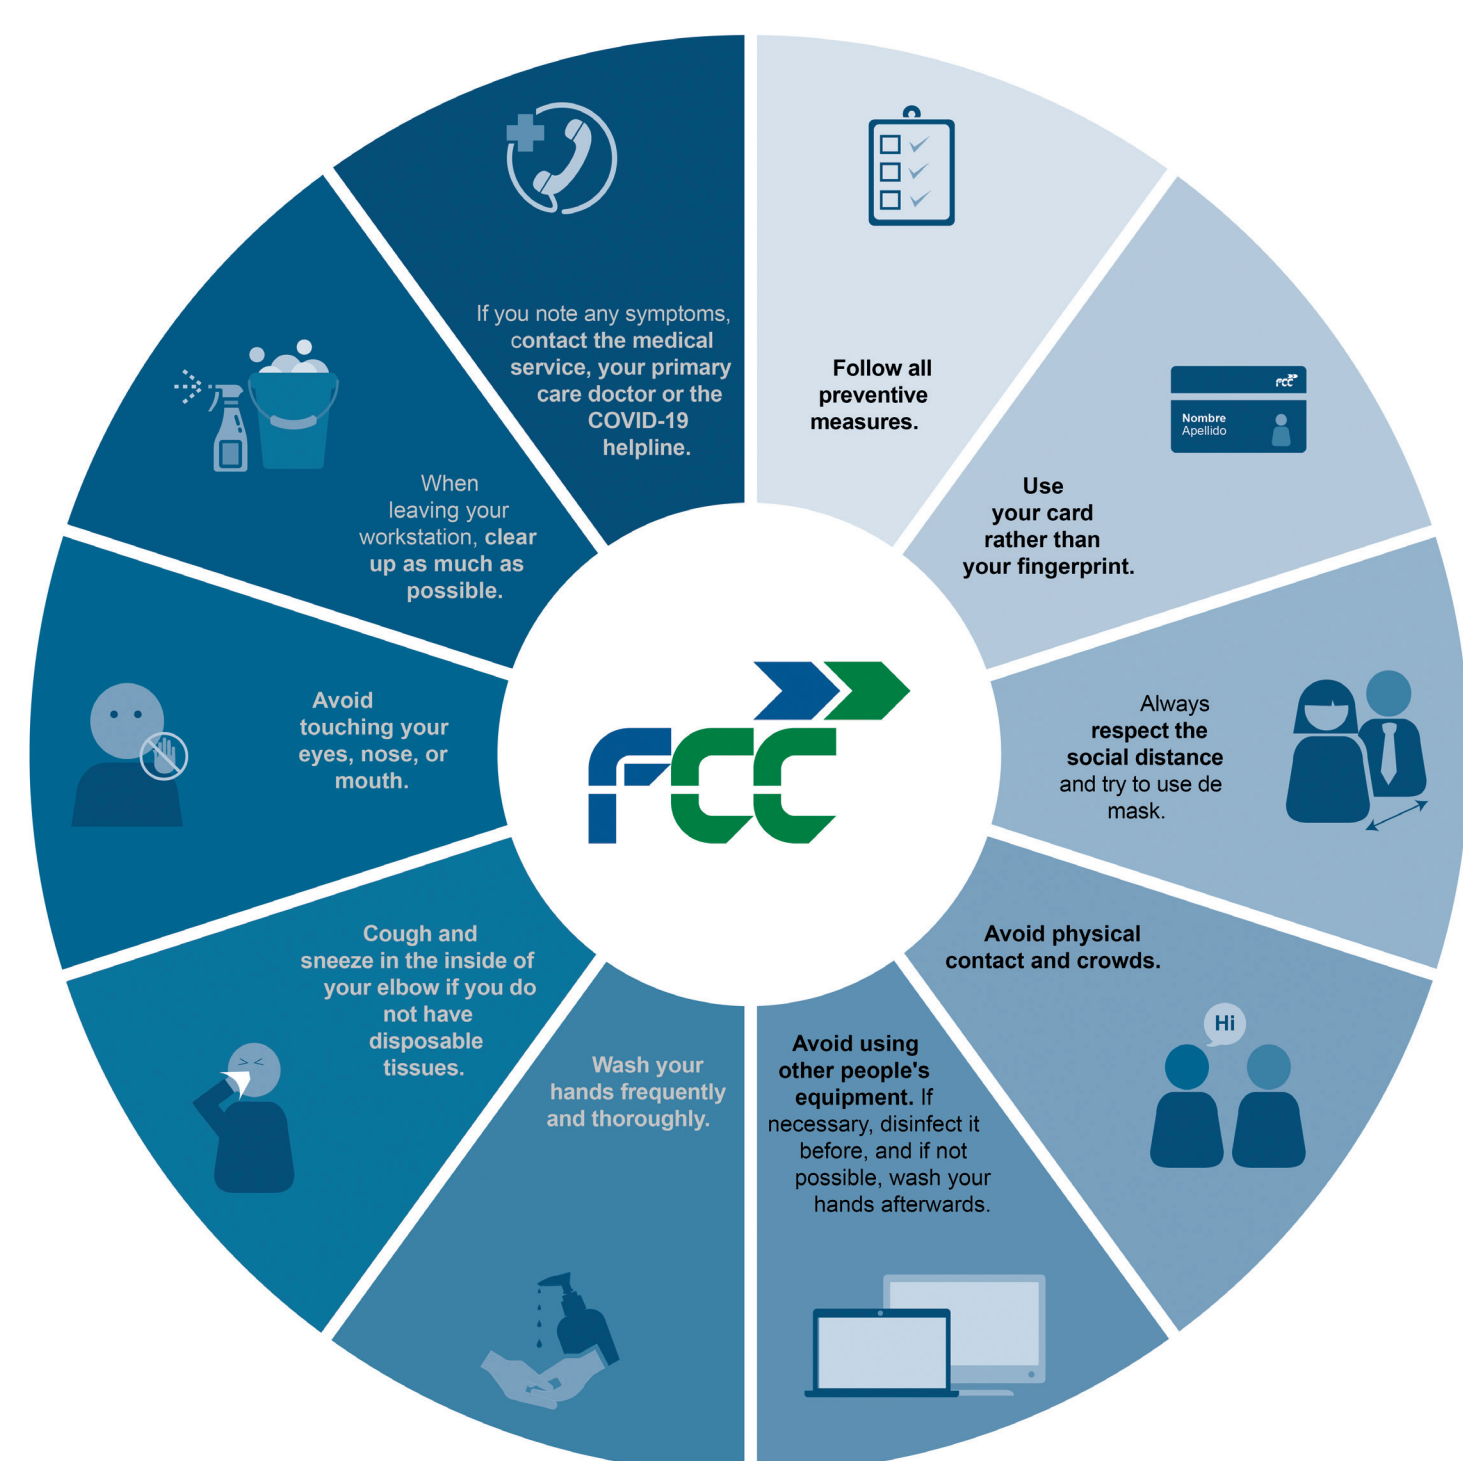

Exemplary management of the FCC Medical Services during the COVID-19 pandemic

We would also like to thank all members of FCC's Medical Services in Madrid for their work during the sanitary crisis, combining their daily tasks with the assistance given to FCC Group workers and their families.

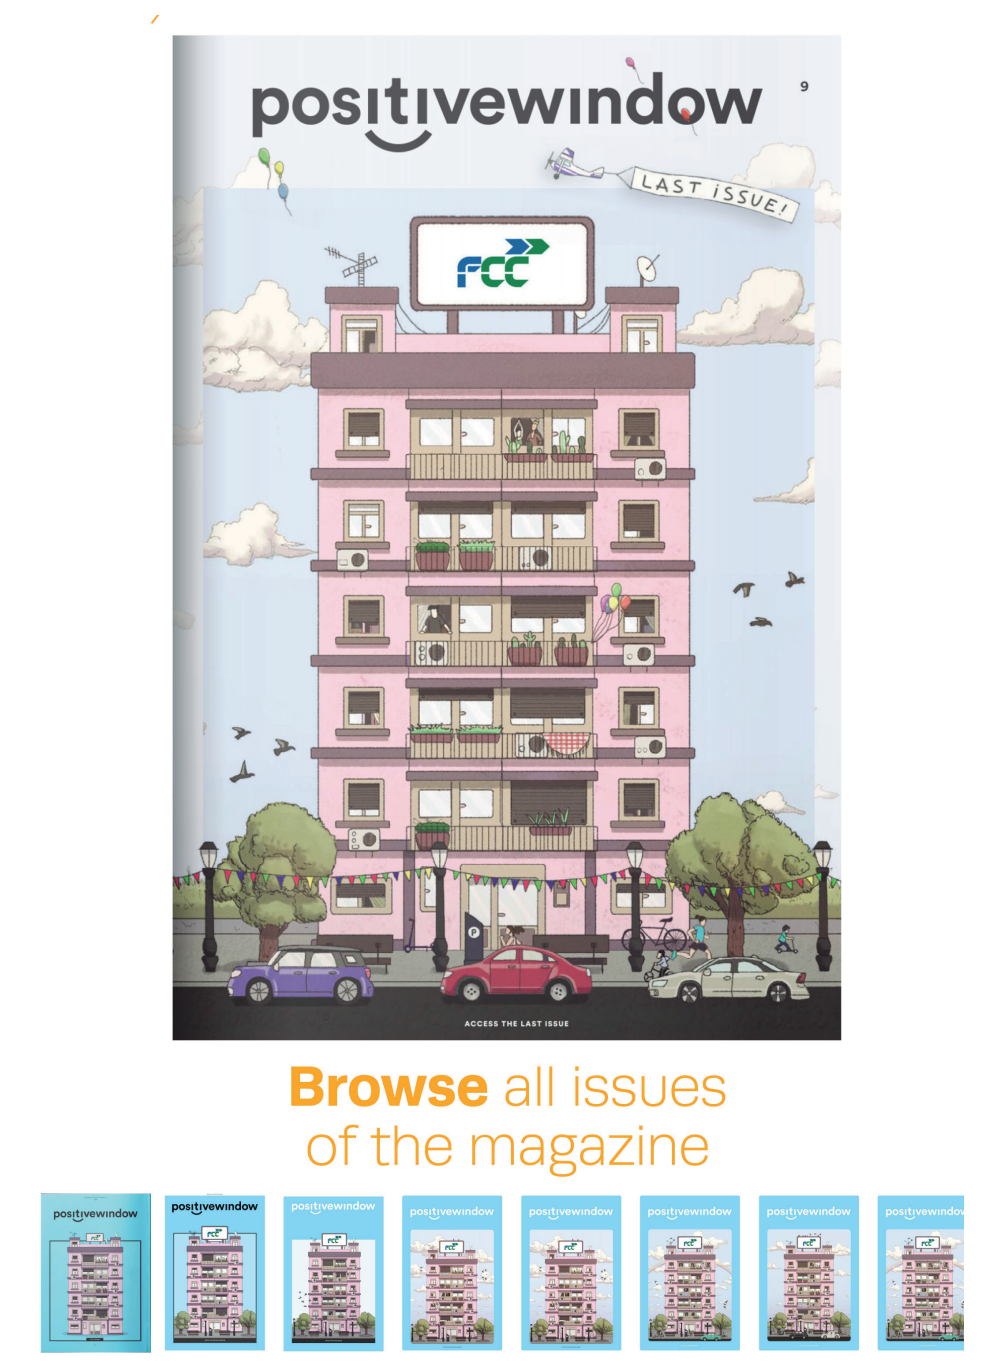

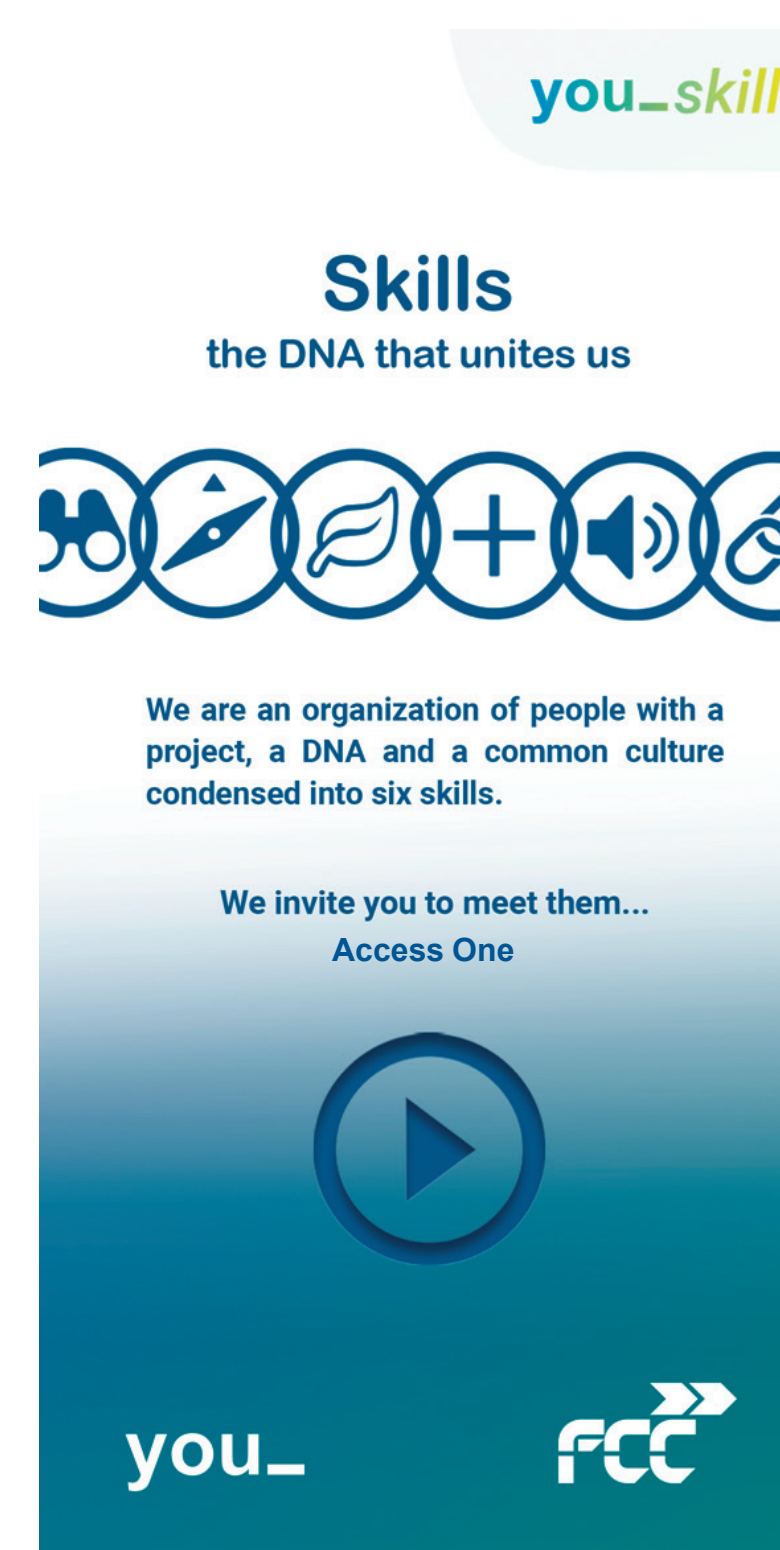

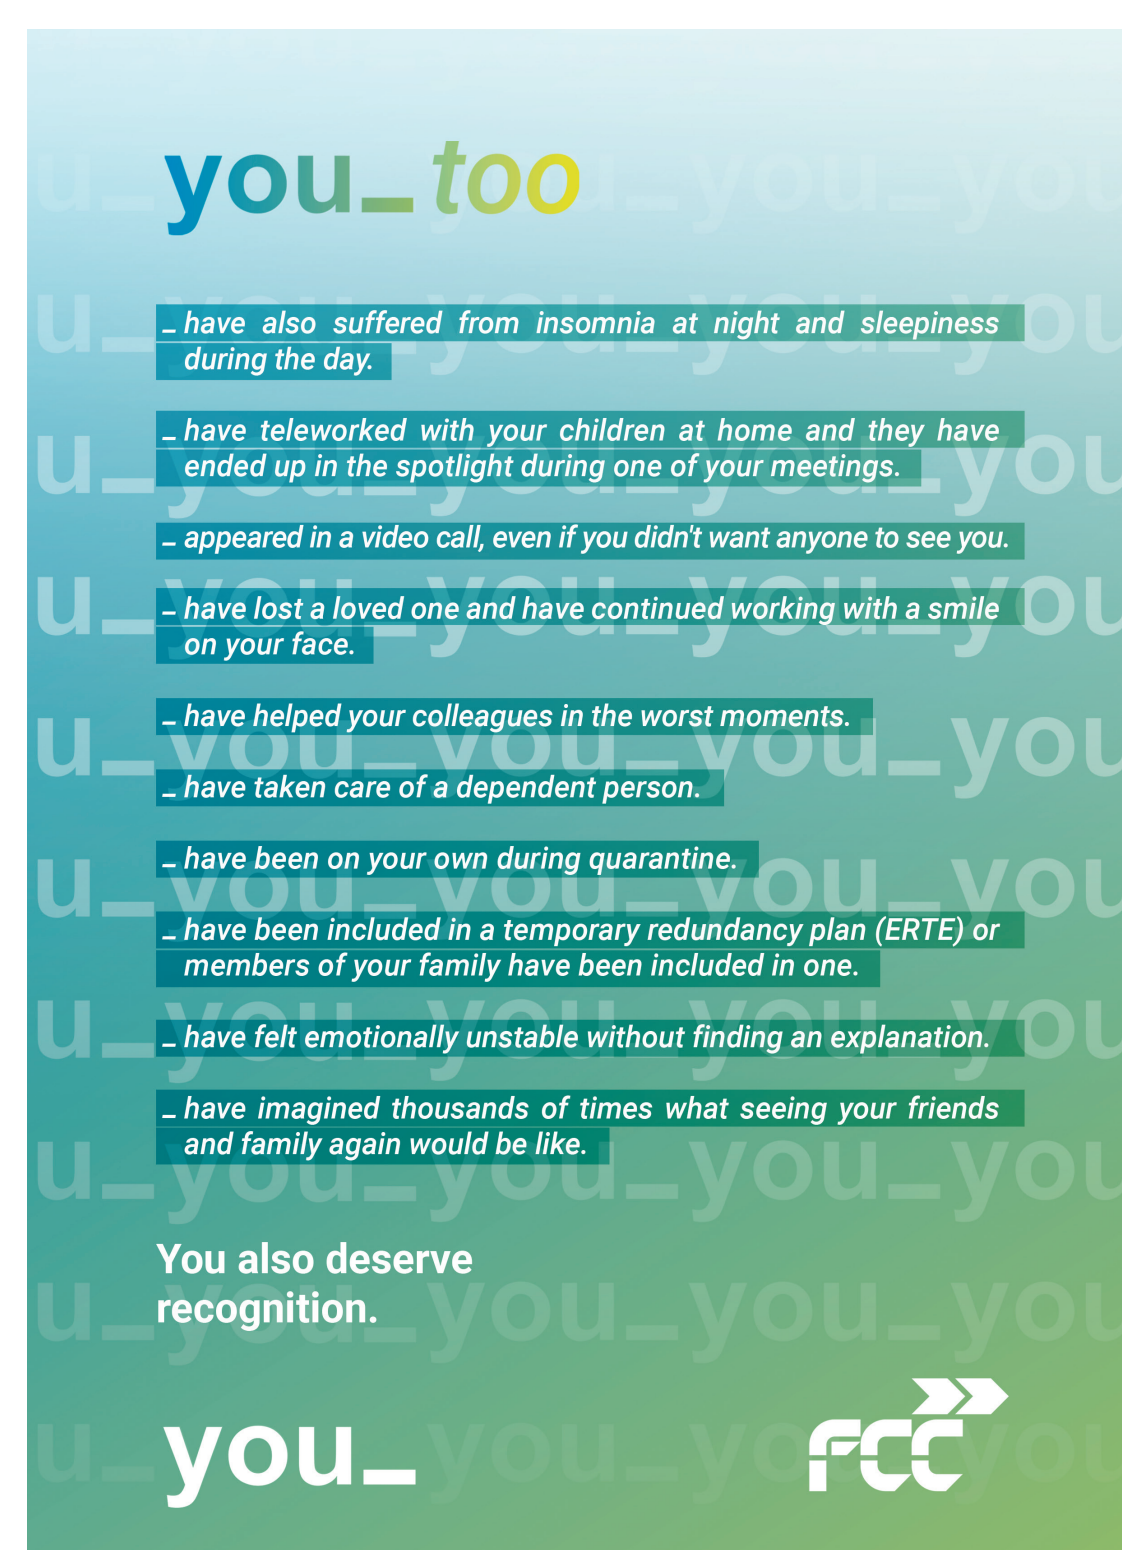

We must also recognise the effort of the Medical Services in Barcelona, Tarragona, Valencia, Cartagena, Albacete, Vitoria, Oviedo, Zaragoza and Las Palmas de Gran Canaria
