We are FCC

GROUP

FCC Group joins the #TogetherForTheSDGs campaign promoted by the UN Global Compact

The FCC Group celebrates the 8th anniversary of the 2030 Agenda by participating in the #TogetherForTheSDGs campaign. The campaign aims to encourage various global actors to showcase their commitment to the Sustainable Development Goals (SDGs) on the date which marks the halfway point of their validity. It also serves as an opportunity to reflect on the progress made towards ending poverty, protecting the planet, and reducing inequalities.

BUSINESS

Aqualia takes over water management in Riohacha, Colombia

With the launch of operations in Riohacha, the company strengthens its presence in the country and provides service to a population of 196,000 inhabitants for a period of 30 years. This contract represents Aqualia's largest operation in Colombia.

WELLBEING

FCC employees take part in the XIV Carrera Popular del Corazón

For yet another year, the FCC Group has joined in the celebration of the Carrera Popular del Corazón with over 100 participants. The race is organised by the Spanish Heart Foundation and the Spanish Cardiology Society to raise public awareness of the importance of sports in preventing cardiovascular disease.

DIVERSITY

016, the helpline for women victims of gender violence celebrates its 16th anniversary

The 016-telephone number against gender violence turns 16 years old. This service assists, advises and helps women victims and survivors of gender violence and their environment. It was launched on 4 September 2007, and to date has received more than one million calls.

SUSTAINABILITY
