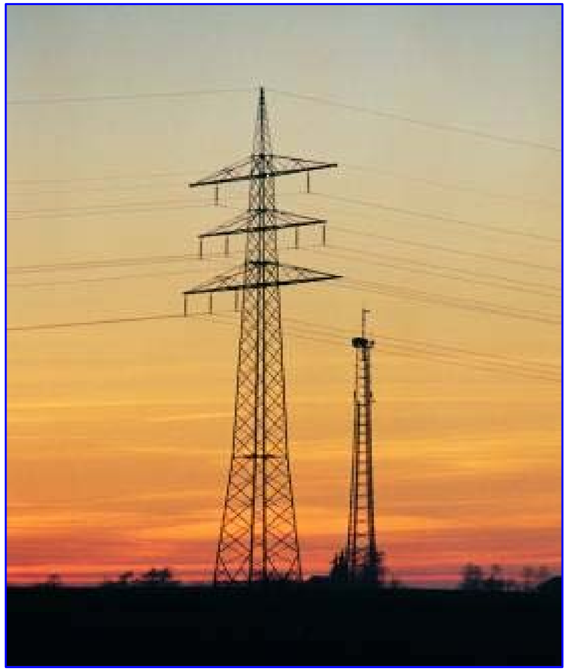
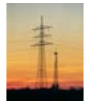
FCC / Alpine Mayreder Bau



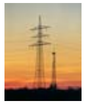
Consolidation of the Growth Platform in Central-Eastern Europe

25 July, 2006

Legal Disclaimer



This presentation may contain “forward-looking statements” with respect to certain of FCC’s plans and its current goals and expectations relating to its future financial condition, performance and results. By their nature, all forward-looking statements involve risk and uncertainty as they relate to future events and circumstances which are beyond FCC’s control including among other things, Spanish, Austrian and other Eastern Europe countries domestic and global economic business conditions, market related risks such as fluctuations in interest rates and exchange rates, the policies and actions of regulatory authorities, the impact of competition, inflation, deflation, the timing impact and other uncertainties relating to future acquisitions or combinations within relevant industries, as well as the impact of tax and other legislation and regulations in the jurisdictions in which FCC and its affiliates operate. As a result, FCC’s actual future financial condition, performance and results may differ materially from the plans, goals and expectations set forth in FCC’s forward-looking statements. FCC undertakes no obligation to update the forward-looking statements contained in this presentation or any other forward-looking statements we may make. Forward-looking statements made in this presentation relate only to events as of the date on which such statements are made.



Index

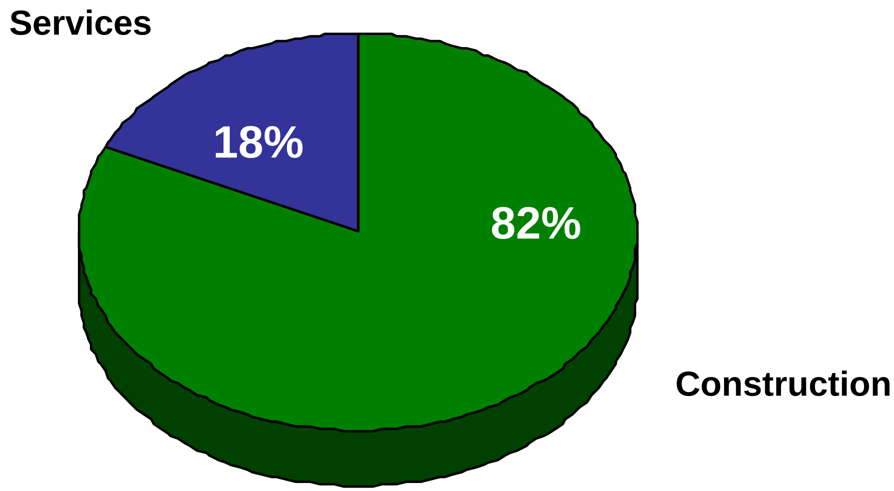
Section 2 - Alpine Mayreder Bau

1. Transaction Overview
2. Alpine Mayreder Bau
3. Strategic Rationale
4. Impact on FCC

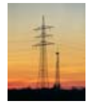
Leader in Construction and Industrial Services in Central and Eastern Europe

- Alpine is a leading player in the construction sector in Austria (ranked 2nd after Bauholding Strabag AG), founded in 1965, with growing presence in Eastern Europe
- The Company operates the following business units (estimates for 2006):
  - **Construction** (82%): mainly civil construction and buildings. Specialized in large and technically complex works such as the San Gottard Tunnel, Singapur's underground and the Allianz Arena in Munich.
  - **Services** (18%):
    - **Industrial services** (Alpine Energy): Installation and maintenance of transport network, sub-stations, energy and communication installation and civil construction
    - **Other services:** mainly raw materials recovery, sports and leisure centre management and communication system design



2006E Revenues:
€2,013m

Leader in Construction and Industrial Services in Central and Eastern Europe



- Presence in 26 countries
- Alpine Energy operates in Central-Eastern Europe and in China
- As of March 2006 Alpine's project backlog accounted for over €2,300m (more than 1 year revenues)
  - Alpine has been recently appointed preferred bidder in consortium with Hochtief in the concession to construct and develop over a 32 year period the highway (A5) which will connect Vienna with the Czech Republic The total construction amount of this project is €970m, and would increase the backlog up to around €2,800m
- Its estimated revenues for 2006 are mainly generated in Austria and Germany (73%) and in Eastern Europe and other countries (27%)

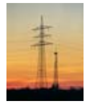
Section 3 – Strategic Rationale



Why Alpine Mayreder Bau? (I)

Consistent with the Strategic plan

- Consistent with FCC's Strategic Plan announced in April 2005:
  - Internationalization
  - Core business activities for FCC

+

Complementary to ASA and SmVAK

- A unique platform to implement our business model in Eastern Europe countries
- Client and geographical synergies

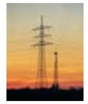
+

Increasing Importance of the Industrial Services Division

- Superior returns in comparison with the construction business and great growth potential in Eastern Europe countries

+

Why Alpine Mayreder Bau? (II)



+

Presence in Eastern Europe

- Great growth opportunities in the construction sector and in other activities of the FCC Group
  - Entrance of European Funds
  - Wide experience in expanding the activity range and acquiring and integrating companies in other countries

+

Excellent Management Team

- Highly qualified
- Management teams compatibility
- Same strategic view
- Currently carrying out several projects jointly

+

Concessional Activity Potential

- Platform to develop the concessional activity in the countries where it is present

Very Attractive Investment Consistent with the Strategic Plan
